Profile

Commercial Pilot with Single and Multiengine Land privileges and over 800 hours of flight experience, actively operating in turbine aircraft environments. Type rated with full PIC privileges in the Cessna Citation 500 series and SIC type rated in the Challenger 601.

Contract Pilot supporting Citation and Challenger operations for multiple operators including Range flyers Inc., ASG - Aircraft Services Group, and Bytelogics Inc. Completed two intercontinental Citation Bravo ferry flights from Nairobi, Kenya to Wichita, Kansas, with experience in long range planning, international procedures, and high workload jet operations.

Background includes consistent right and left seat support in Citation 500 Series, working alongside experienced captains in real world operational environments, with a strong focus on professionalism, adaptability, and disciplined cockpit execution.
